East Bay Community Energy
ELC (Corp ID201)
Status of Advice Letter 35E
As of March 4, 2022

Subject: East Bay Community Energy to seek approval of the 2023 Budget and Marketing, Education, and Outreach Plan for EBCE's Disadvantaged Community Green Tariff ("DAC-GT") and the Community Solar Green Tariff ("CSGT") programs.

Division Assigned: Energy

Date Filed: 02-01-2022

Date to Calendar: 02-04-2022

Authorizing Documents: D1806027

Authorizing Documents: E-4999

Authorizing Documents: E-5125

Disposition:	**Accepted**
Effective Date:	**03-03-2022**

California Public Utilities Commission

ADVICE LETTER SUMMARY

ENERGY UTILITY

MUST BE COMPLETED BY UTILITY (Attach additional pages as needed)

Company name/CPUC Utility No.: East Bay Community Energy ID 201

Utility type:
☑ ELC ☐ GAS ☐ WATER
☐ PLC ☐ HEAT

Contact Person: Feby Boediarto
Phone #: 510-570-5110
E-mail: 510-650-7582
E-mail Disposition Notice to: fboediarto@ebce.org

EXPLANATION OF UTILITY TYPE
ELC = Electric GAS = Gas WATER = Water
PLC = Pipeline HEAT = Heat

(Date Submitted / Received Stamp by CPUC)

Advice Letter (AL) #: 35-E (PUBLIC VERSION) Tier Designation: 2

Subject of AL: East Bay Community Energy to seek approval of the 2023 Budget and Marketing, Education, and Outreach Plan for EBCE's Disadvantaged Community Green Tariff ("DAC-GT") and the Community Solar Green Tariff ("CSGT") programs.

Keywords (choose from CPUC listing):

AL Type: ☐ Monthly ☐ Quarterly ☑ Annual ☑ One-Time ☐ Other:

If AL submitted in compliance with a Commission order, indicate relevant Decision/Resolution #:
D. 18-06-027, Resolution E-4999, Resolution E-5125

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL: No

Summarize differences between the AL and the prior withdrawn or rejected AL:

Confidential treatment requested? ☑ Yes ☐ No

If yes, specification of confidential information: Appendix C - EBCE DAC-GT/ CSGT Work Papers
Confidential information will be made available to appropriate parties who execute a nondisclosure agreement. Name and contact information to request nondisclosure agreement/ access to confidential information: Feby Boediarto, fboediarto@ebce.org

Resolution required? ☐ Yes ☑ No

Requested effective date: 3/3/22 No. of tariff sheets: n/a

Estimated system annual revenue effect (%):

Estimated system average rate effect (%):

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected:

Service affected and changes proposed[1]:

Pending advice letters that revise the same tariff sheets:

Advice No. 35-E
(East Bay Community Energy ID 201)

California Public Utilities Commission
Energy Division
Attention: Tariff Unit
505 Van Ness Avenue, 4th Floor
San Francisco, CA 94102-3298

Re: Present the Budget and Marketing, Education, and Outreach Plan for East Bay Community Energy's 2023 Disadvantaged Communities Green Tariff Program Rate and the Community Solar Green Tariff Program Rate.

Pursuant to Ordering Paragraph ("OP") No. 17 of California Public Utilities Commission ("Commission" or "CPUC") Decision ("D.") 18-06-027, *Alternate Decision Adopting Alternatives to Promote Solar Distributed Generation in Disadvantaged Communities*, issued in R.14-07-002 on June 22, 2018, and Resolution E-4999, issued on June 3, 2019, East Bay Community Energy ("EBCE") hereby submits this Advice Letter ("AL") to seek approval of the 2023 budget for EBCE's Disadvantaged Community Green Tariff ("DAC-GT") and the Community Solar Green Tariff ("CSGT") programs.

Effective Date: EBCE requests that this Tier 2 Advice Letter become effective within 30 days of submission pursuant to G.O. 96-B, General Rule 7.5.2.

Tier Designation: Tier 2 Designation pursuant to G.O. 96-B, Energy Industry Rule 5.2, OP 17 of D.18-06-027, and Resolution E-4999. Resolution E-5125 ordered administrators of the DAC-GT and CSGT programs to submit Annual Budget Advice Letters as a Tier 2 designation.

Purpose: Through this AL, EBCE seeks CPUC approval of its 2023 budget forecast and Marketing Education and Outreach ("ME&O") plan for the DAC-GT and CSGT for EBCE's customers pursuant to D.18-06-027.

Background

On June 22, 2018, the Commission issued D.18-06-027, adopting three new programs to promote the installation of renewable generation among residential customers in

PUBLIC VERSION

disadvantaged communities ("DAC"),[1] as directed by the California Legislature in Assembly Bill (AB) 327 (Perea, Stats. 2013, ch 611). The three programs include the DAC Single Family Solar Homes ("DAC-SASH") program, which provides upfront incentives for the installation of solar at low-income homes in DACs. The other two programs, the DAC-GT and the CSGT programs are community solar programs which offer 100% solar energy to customers and provide a 20% discount on the electric portion of the bill.

EBCE is a Joint Powers Authority formed on December 1, 2016 pursuant to California Government Code §§ 6500 *et. seq.* by the County of Alameda and each of the following cities incorporated therein: Albany, Berkeley, Dublin, Emeryville, Fremont, Hayward, Livermore, Oakland, Piedmont, San Leandro, and Union City. The Commission certified EBCE's Implementation Plan on November 8, 2017. EBCE started serving Alameda County businesses and municipalities in June 2018 and began serving residential customers in November 2018. On March 9, 2020, the Commission certified Addendum #1 to EBCE's Implementation Plan and Statement of Intent, adding the cities of Newark and Pleasanton, as well as the city of Tracy in San Joaquin County, to EBCE's service territory beginning in 2021. EBCE is currently one of the largest Community Choice Aggregators ("CCAs") in the state.

CCAs may develop and implement their own DAC-GT and CSGT programs. CCA programs and tariffs must abide by all program rules and requirements adopted in D.18-06-027, and must file a Tier 3 AL to implement the CCA DAC-GT and CSGT programs;[2] Resolution E-4999 provides that CCA implementation ALs must be filed on or before January 1, 2021.[3]

On September 11, 2020, EBCE filed its Tier 3 Advice Letter 14-E establishing its DAC-GT and CSGT programs. The AL filed included EBCE's Implementation Plan, program budget, and ME&O") Plan for program years 2020 - 2021. On December 18, 2020, EBCE filed a Supplemental Advice Letter outlining DAC-GT and CSGT capacity transfer from non-participating CCAs to participating CCAs. Advice letter 14-E, 14-E-A was approved by Energy Division as of April 15, 2021.

Discussion

EBCE's DAC-GT and CSGT budget forecast and ME&O plan for Program Year 2023 are attached to this Advice Letter in the following appendices:

[1] DACs are defined in D.18-06-027 as communities that are identified in the CalEnviroScreen 4.0 as among the top 25% of census tracts statewide, plus the census tracts in the highest five percent of CalEnviroScreen's Pollution Burden that do not have an overall CalEnviroScreen score because of unreliable socioeconomic or health data.

[2] D.18-06-027 at p.104 (OP 17).

[3] Resolution E-4999 at p.16.

1. Appendix A: Budget Forecast for the Disadvantaged Communities Green Tariff and Community Solar Green Tariff Programs for the Program Year 2023;

2. Appendix B: Marketing, Education and Outreach Plan for the Disadvantaged Green Tariff and Community Solar Green Tariff Programs for Program Year 2023;

3. Confidential Appendix C: Workpapers; and

4. Appendix D: Declaration of JP Ross in Support of Confidential Treatment.

Request for Confidential Treatment

In support of this Advice Letter, EBCE provides certain confidential information that is contained in Confidential Appendix C ("Confidential Information"). EBCE hereby requests confidential treatment of this Confidential Information. The Confidential Information contains protected market sensitive/competitive data and corporate financial records protected under Civ. Code §§3426 et seq.; Govt. Code §§ 6254, et seq., e.g., 6254(e), 6254(k), 6254.15; Govt. Code § 6276.44; Evid. Code §1060; D.11-01-036. The request for confidential treatment is further supported by the attached declaration of JP Ross. The Confidential Information can be made available to non-market participants as required by D.20-07-005 after they have executed a nondisclosure agreement with EBCE. To execute a nondisclosure agreement, please contact Feby Boediarto at fboediarto@ebce.org.

Conclusion

EBCE respectfully requests that the Commission approve EBCE's 2023 budget forecast and ME&O plan for the DAC-GT and CSGT programs as described in the attached appendices.

Notice

A copy of this AL is being served on the official Commission Service List for Rulemaking 14-07-002 and Application 16-07-015.

For changes to this service list, please contact the Commission's Process Office at (415) 703-2021 or by electronic mail at Process_Office@cpuc.ca.gov.

Protest

*****Due to the COVID-19 pandemic and the shelter-at-home orders, EBCE is currently unable to receive protests or responses to this advice letter via U.S. Mail or fax. Please submit protests or responses to this advice letter to EDTariffUnit@cpuc.ca.gov and fboediarto@ebce.org*****

Anyone wishing to protest this advice letter filing may do so by sending a letter via U.S. Mail, facsimile, or electronically, any of which must be received no later than 20 days after the date of this advice filing. Protests should be mailed to:

CPUC

APPENDIX A

Budget Forecast for the Disadvantaged Communities Green Tariff and Community Solar Green Tariff Programs for the Program Year 2023

Proposed by East Bay Community Energy

PUBLIC VERSION

1. PURPOSE

Pursuant to Ordering Paragraph ("OP") 17 of Decision ("D.")18-06-027 *Alternate Decision Adopting Alternatives to Promote Solar Distributed Generation in Disadvantaged Communities* and guidance provided in Resolutions E-4999 and E-5124, EBCE hereby submits its 2023 budget request for the Disadvantaged Communities Green Tariff ("DAC-GT") and the Community Solar Green Tariff ("CSGT") programs. The budget covers the forecasted budget reconciliation for the previous program year ("PY").

EBCE requests that the budgets proposed herein be approved by the Commission and that the Commission direct PG&E to transfer funds sufficient to meet EBCE's budget request per the funding mechanisms determined in OP 3 of Resolution E-5124.

2. BACKGROUND

Per Resolution E-4999, annual program budgets must be presented by program and include the following budget line items:[1]

1. Generation cost delta, if any;[2]
2. 20 percent bill discount for participating customers[3];
3. Program administration costs:
    a. Program management;
    b. Information technology ("IT");
    c. Billing operations;
    d. Regulatory compliance; and
    e. Procurement.
4. Marketing, education and outreach ("ME&O") costs:
    a. Labor costs;
    b. Outreach and material costs, including local community-based organization ("CBO")/sponsor costs.

[1] A detailed description of each budget line item can be found in EBCE's Implementation Plan, submitted in Appendix A to EBCE Advice Letter 14-E filed on September 11, 2020.

[2] Resolution E-4999 establishes that *above market* generation costs should include net renewable resource costs in excess of the otherwise applicable class average generation rate that will be used to calculate the customers' bills. In conversations with the CPUC's Energy Division after the release of the Resolution, it was clarified that this budget line item is intended to cover both a potential higher, as well as lower, cost of the DAC-GT/ CSGT resources than the otherwise applicable class average generation rate. Hence, the term is updated to state the "*Delta of generation costs* between the DAC-GT/ CSGT resources and the otherwise applicable class average generation rate".

[3] Resolution E-5124 determined that CCAs must calculate the 20% discount on the full electric portion of the bill (i.e., both generation and delivery portions of the electric bill) and that the full bill discount will be shown on the generation portion of the customer bills. Hence, beginning with EBCE's revised 2021 budget forecast, submitted as Advice Letter 24-E, EBCE's budget forecast reflects the cost to provide the 20% bill discount to customers, based on the full electric bill.

PUBLIC VERSION

Additionally, Resolution E-5124 further directed community choice aggregators ("CCAs") to include their corresponding share of CCA Integration Costs, estimated by PG&E and provided to CCAs, in the CCAs' program administration budgets. EBCE has included this information herein.

In addition to the budget reconciliation and forecast, annual program budget submissions also include details on program capacity and customer enrollment numbers for both programs. More specifically, EBCE reports on:

1. Existing capacity at previous PY's close;
2. Forecasted capacity for procurement in the upcoming PY;
3. Customers served at previous PY's close; and
4. Forecasted customer enrollment for the upcoming PY.

Finally, EBCE will submit confidential workpapers to the California Public Utilities Commission ("CPUC" or "Commission") showing:

1. Calculation of the generation cost delta;
2. Calculation of the 20% bill discount to participating customers;
3. Calculation of administrative and ME&O costs.

For the reasons set forth in the attached declaration of JP Ross, these workpapers are confidential, not included in the public version of this Advice Letter, and will only be made available to those who execute a nondisclosure agreement. Further information on how to execute a nondisclosure agreement can be found in the cover letter for this Advice Letter.

3. BUDGET FORECAST FOR PY 2023

For PY 2023, EBCE forecasts program spending to total $1,046,099 for the DAC-GT program and $206,249 for the CSGT program. A detailed budget forecast for each program by budget line item can be found in the table below.

Table 1. Budget Forecast for Program Year 2023

Row #	Category	DAC-GT	CSGT
1	**Generation Cost Delta**	$ 654,819	$ 26,541
2	**20% Bill Discount**	$ 265,158	$ 8,144
3	Program Administration		
4	Program Management	$ 41,181	$ 59,945
5	Information Technology	$ -	$ -
6	Billing Operations	$ 28,918	$ 2,418
7	Regulatory Compliance	$ 16,239	$ 16,239
8	Procurement	$ 17,065	$ 17,065
9	CCA Integration Costs	$ 1,215	$ 1,215
10	**Subtotal Program Administration**	$ 104,617	$ 96,881
11	Marketing, Education & Outreach		
12	Labor Costs	$ 19,006	$ 32,183
13	Outreach and Materials	$ 2,500	$ 42,500
14	**Subtotal ME&O**	$ 21,506	$ 74,683
15	**Total**	$ 1,046,099	$ 206,249

EBCE provides the following clarifying notes regarding the budget summary.

Generation Cost Delta

- DAC-GT: EBCE anticipates continuing to rely on interim resources for the DAC-GT program during most of 2023, and has therefore included costs associated with the generation cost delta in its PY 2023 budget forecast. This budget forecast is based on the anticipated cost of interim resources in 2023.
- CSGT: EBCE does not expect new CSGT projects to come online until late 2023. The generation cost delta budget forecast for the CSGT program is based on the cost of a generic project with sizing matching the program criteria.

20% Bill Discount

Resolution E-5124 determined that CCAs must calculate the 20% discount on the full electric portion of the bill (i.e., both generation and delivery portions of the electric bill) and that the

full bill discount will be shown on the generation portion of the customer bills.[4] Hence, EBCE's budget forecast reflects the cost to provide the 20% bill discount to customers, based on the full electric bill, for PY 2023.

Program Administration Costs

Program management includes program development and management, budgeting, and reporting. IT costs include the costs to develop program tools and updating existing systems to accommodate program enrollment and billing. EBCE does not anticipate incurring any additional IT costs in 2023. Billing operations covers costs for ongoing billing operations and customer support once all systems are developed, as well as coordination with PG&E on semi-manual billing processes. Regulatory covers costs for regulatory compliance and related program filings with the Commission, as well as related legal fees and fees associated with Green-e® certification of both programs. Procurement covers the costs to develop and manage the solicitations for solar resources under the program, as well as annual renewable energy credit (REC) retirement and compliance functions.

Marketing, Education and Outreach

ME&O budgets are split into two categories – (1) EBCE labor costs and (2) EBCE direct costs for outreach and materials, which includes funds to provide to the local CBOs who will serve as the sponsor for the CSGT program. EBCE anticipates conducting marketing and outreach primarily for the CSGT program in 2023. ME&O costs for the DAC-GT program reflect anticipated marketing and outreach efforts to customers newly enrolled from the DAC-GT program waitlist, if program space becomes available.

4. BUDGET RECONCILIATION FOR PY 2021

The table below compares EBCE's PY 2021 budget forecast[5] to actual program expenses incurred in 2021. The "true up" column shown in the table subtracts actual costs from forecasted values for each budget category; a negative value, denoted in parentheticals, indicates unspent funds. Overall, in 2021, EBCE spent less than the requested amounts in its PY 2021 budget forecast.

Actuals reported in Table 2 include all realized and accrued expenses for 2021 as of the date of this AL. EBCE notes that expenses for the full month of December 2021 have not yet been finalized as of the date of this filing and anticipates receipt of additional invoices that may alter the calculation of the PY 2021 Generation Cost Delta and 20% Bill Discount. EBCE may make further adjustments to this figure along with corresponding balancing account treatment, which

[4] Resolution E-5124, p. 24

[5] The final, revised version of EBCE's PY 2021 budget request was submitted on October 6, 2021 as EBCE AL 27-E. AL 27-E was accepted by the CPUC's Energy Division on November 5, 2021 and has an effective date of October 6, 2021.

shall be reflected in a subsequent DAC-GT budget advice letter.

Table 2. Budget Reconciliation for Program Year 2021

Row #	Category	DAC-GT			CSGT		
		Forecast	Actual	True-up	Forecast	Actual	True-up
1	**Generation Cost Delta**	$ 198,727	$ 168,975	$ (29,752)	$ -	$ -	$ -
2	**20% Bill Discount**	$ 88,402	$ 58,706	$ (29,697)	$ -	$ -	$ -
3	Program Administration						
4	Program Management	$ 125,580	$ 25,175	$ (100,405)	$ 127,150	$ 21,294	$ (105,856)
5	Information Technology	$ 31,943	$ -	$ (31,943)	$ 31,943	$ -	$ (31,943)
6	Billing Operations	$ 10,922	$ 3,071	$ (7,851)	$ 2,813	$ -	$ (2,813)
7	Regulatory Compliance	$ 4,845	$ 9,844	$ 4,999	$ 4,845	$ 5,265	$ 420
8	Procurement	$ 27,318	$ 6,284	$ (21,035)	$ 27,318	$ 6,750	$ (20,569)
9	CCA Integration Costs	$ 12,856	$ 15,556	$ 2,700	$ 1,263	$ -	$ (1,263)
10	**Subtotal Program Administration**	$ 213,464	$ 59,930	$ (153,534)	$ 195,332	$ 33,309	$ (162,023)
11	Marketing, Education & Outreach						
12	Labor Costs	$ 61,240	$ 4,400	$ (56,840)	$ 20,900	$ 208	$ (20,693)
13	Outreach and Materials	$ 75,900	$ 1,238	$ (74,663)	$ 36,550	$ -	$ (36,550)
14	**Subtotal ME&O**	$ 137,140	$ 5,638	$ (131,503)	$ 57,450	$ 208	$ (57,243)
15	**Total**	**$ 637,733**	**$ 293,248**	**$ (344,485)**	**$ 252,782**	**$ 33,516**	**$ (219,266)**

5. 2023 BUDGET REQUEST

EBCE includes in the table below the unspent balances from Program Year 2021 and applies the unspent balance to the budget request for 2023. Based on the budget forecast for PY 2023 presented in section 3 and the budget reconciliation for PY 2021 presented in section 4, EBCE is requesting a total budget of $688,597 for the DAC-GT and CSGT programs in this budget AL.

Table 3. Final Requested Budget for PY 2023

Row #		DAC-GT	CSGT	TOTAL	
1	Budget Forecast for PY 2023	$ 1,046,099	$ 206,249	**$ 1,252,348**	*Table 1, row 15*
2	*Unspent funds from PY 2021*	$ (344,485)	$ (219,266)	**$ (563,751)**	*Table 2, row 15*
3	**Total Budget Request**	$ 701,614	$ (13,017)	**$ 688,597**	*row 1+2*

6. BUDGET CAPS

Resolution E-4999 establishes a budget cap of 10% of the total budget for program administration costs and a budget cap of four percent of the total budget for ME&O costs. The Resolution allows that the costs for administration and ME&O may be higher than these budget allocations in the first two years of program implementation (i.e., PYs 2021 and 2022 for EBCE), acknowledging that program start-up costs may be higher. PY 2023 is EBCE's third year of program implementation, hence EBCE is subject to these cost caps. Resolution E-5125 further directed Program Administrators to submit any requests and accompanying rationale for any

above-cap spending during the Annual Budget Advice Letter process. EBCE provides information about the cost cap and any above-cap spending below.

EBCE's 2023 CSGT budget forecast provided in Table 1 exceeds the cost cap for both the Program Administration and ME&O budget categories. EBCE hereby requests an adjustment to both ME&O and Program Administration cost caps in 2023 for the CSGT program, and provides the following rationale as required by Resolution E-5125. EBCE does not anticipate exceeding the cost cap for DAC-GT in 2023.

Delayed CSGT program launch

A primary driver of the cost cap exceedance is the fact that non-capped components of EBCE's budget (i.e., Generation Cost Delta, 20% Bill Discount) are very small due to a delay in program launch. EBCE initially anticipated launching CSGT in 2022 but did not receive any project bids during its initial procurement solicitation. EBCE does not currently expect to begin serving customers under the CSGT program until October 2023 at the earliest. The costs of program administration and ME&O represent a much greater share of total program costs than they otherwise would under steady-state program operations.

Additional marketing, education, & outreach needs for initial enrollments

EBCE has requested incremental funding in 2023 to cover marketing expenses related to initial enrollments. EBCE anticipates coordinating with a broad group of prospective community-based organization project sponsors, and relying on manual enrollment and high-touch marketing strategies. While initial enrollments are ongoing, EBCE expects to exceed the cap, given the relatively small program size.

Each of the explanations above relate directly to the fact that EBCE's CSGT program is still in its start-up years. EBCE expects program administration and ME&O costs to make up a much lower proportionate share of total program costs once full operations are underway and full enrollment is achieved for CSGT.

7. PROGRAM CAPACITY AND ENROLLMENT NUMBERS

EBCE reports existing and forecasted program capacity and customer enrollment numbers for both programs in the tables below. In 2023, EBCE expects to continue to rely on an interim resource for DAC-GT and to offer the program at full enrollment levels. The CSGT program is expected to begin enrollment in Q4 2023 and to reach full enrollment in 2024.

Existing Capacity and Customers Served as of Previous Program Year's Close

Category	PY 2022	
	DAC-GT	CSGT
Existing capacity (MW)	5.726	0

Customers served (#)	1,628	0

Forecasted Capacity and Enrollment

Category	PY 2023	
	DAC-GT	CSGT
Estimated capacity to be procured (MW)	5.726	1.5625
Estimated customer enrollment (#)	1,628	300

8. COST RECOVERY AND FUND TRANSFER PROCEDURES

Once the Commission approves EBCE's budget request, PG&E will be responsible for including the total budget request for EBCE's DAC-GT and CSGT programs in its current ERRA Forecast application. Once PG&E receives approval of its ERRA Forecast from the Commission, PG&E is advised to set aside the requested EBCE budget in a sub-account of its DAC-GT and CSGT balancing accounts. PG&E will then transfer program funds to EBCE as determined in OP 3 of Resolution E-5124.[6]

9. CONCLUSION

EBCE respectfully requests the Commission approve the budgets proposed herein and direct PG&E to transfer funds sufficient to meet EBCE's approved annual budgets per the funding mechanisms discussed above.

[6] E-5124, OP 3 at 32.

APPENDIX B

Marketing, Education and Outreach Plan for the Disadvantaged Communities Green Tariff and Community Solar Green Tariff Programs for Program Year 2023

Proposed by East Bay Community Energy

Lori Dynes

Manager, Programs Marketing

East Bay Community Energy

PUBLIC VERSION

1. PURPOSE AND GOALS

EBCE will develop and implement a targeted customer marketing, education, and outreach ("ME&O") campaign under the Disadvantaged Community Green Tariff ("DAC-GT") and the Community Solar Green Tariff ("CSGT") programs to ensure potential customers in disadvantaged communities are aware of the opportunity to benefit from the programs. EBCE's ME&O strategy has five main goals:

1. Educate auto-enrolled customers about the DAC-GT program;
2. Enroll eligible customers in the DAC-GT and CSGT programs;
3. Increase awareness of, and enrollment in, CARE and FERA programs;
4. Increase customer awareness of energy use, savings opportunities, other customer incentives, rate options (*i.e.*, TOU), discounts, or programs; and
5. Address barriers to program participation and leverage best practices to participation and ensure that outreach to DAC and hard-to-reach customers is accessible and equitable.

Throughout this process, EBCE aims to achieve meaningful and diverse customer engagement through a culturally-competent, multilingual approach. To achieve these goals, EBCE will develop a targeted customer engagement campaign that leverages community-based marketing best practices such as:

- A mix of multilingual and culturally-competent communications including community advertising (*e.g.*, newsletters, newsprint), geo-targeted digital ads, targeted email and direct mail,
- Direct customer outreach and partnerships with community-based organizations ("CBOs") and local government agencies, and
- Notifications and Welcome Kits educating auto-enrolled customers about DAC-GT program.

EBCE will measure ME&O program success by the number of customers enrolled in the DAC-GT and CSGT programs. We will also measure program success by the overall number of customers reached, and the diversity of customers reached.

The following subsections provide additional details about EBCE's ME&O approach for the DAC-GT and CSGT programs.

2. GUIDING PRINCIPLES

EBCE is committed to developing diverse and culturally appropriate communication strategies to ensure that stakeholders can participate in decisions and actions that impact their communities. As such, EBCE commits to the following guiding principles throughout the ME&O engagement process for the DAC-GT and CSGT programs. EBCE aims to:

- Achieve diverse and meaningful engagement that reflects the demographics of DAC communities to ensure equitable outreach across race, income, and age;

- Maintain transparency and accessibility of information by bringing the information directly to customers in their neighborhood, their community, or interest space to better engage them in the process; and
- Build a collaborative process with community partners to ensure barriers and benefits to participation are considered in the ME&O activities to the maximum extent possible.

3. TARGET AUDIENCE

Given enrollment specifications around the programs, the primary target audience for the ME&O strategy is existing and eligible CARE/FERA customers living in DACs per the latest version of CalEnviroScreen ("CES"). In EBCE's service area, the marketing team intends to focus its outreach and enrollment efforts in the 11 DACs per CES 4.0.[1] Please note that EBCE has not yet identified project site(s) for the program.

The following zip codes are in the top 25% of CES scores according to CES 4.0:

Zip Code	City
94577	San Leandro
94578	San Leandro
94601	Oakland
94603	Oakland
94606	Oakland
94607	Oakland
94608	Oakland
94609	Oakland
94612	Oakland
94621	Oakland
95376	Tracy

4. ME&O TACTICS AND STRATEGIES

The following tactics and strategies are rooted in EBCE's marketing, education, and outreach activities for the past three years. If other CCAs and IOUs have launched their programs prior to EBCE, we will connect with them to obtain ME&O lessons learned. These tactics and strategies are further summarized in Figure 1 below.

a. Communications and Media Content

A variety of communications and media content will be developed to promote the programs, including flyers and fact sheets, as well as a dedicated web landing page on EBCE's website.

[1] CES 4.0 is the current version of CalEnviroScreen as of October 2021.

These materials will be translated (likely in Spanish and Chinese, and possibly Vietnamese based on the demographics of our target zip codes) and improved upon throughout the ME&O process via message testing to ensure they are culturally competent and effective. EBCE typically conducts A/B message testing on all mass email communication.

Additionally, EBCE will run social media campaigns, as well as geo-targeted print and digital advertisements, in multiple languages to encourage program enrollment. Direct mailing and email blasts will also be utilized to targeted customers. EBCE's data warehouse contains considerable demographic data that will be useful in targeting communications, and EBCE has contracted with Granicus to provide their govDelivery email platform and we have integrated that with Salesforce, to open up more email communications activities. The email activity can be highly targeted, tracked, quantified, and carries no direct cost.

b. Community Outreach

To meet our ME&O goals, EBCE will develop an outreach and engagement strategy leveraging the key community outreach tactics. The community outreach strategy will include a multilingual and culturally competent approach to engagement and consider the specific needs of DAC communities in EBCE's service area. Outreach will be informed by data (census tracks, 4013, county housing data overlays, etc.) in order to identify customers who are most likely to enroll in the programs. Due to COVID-19 restrictions, EBCE may need to conduct community outreach through virtual channels, as we have been doing since March 2020.

c. Grassroots Outreach

EBCE will conduct grassroots outreach to engage directly with community members at community events (if/when the COVID shelter-in-place requirements are lifted). Prior to COVID, EBCE regularly attended and sponsored many community events throughout its service area, including neighborhood festivals, farmers markets, holiday celebrations, and special events. More recently, with the shelter-in-place, EBCE has been investing in virtual outreach capacity. Under the community outreach strategy for the DAC-GT and CSGT programs, EBCE will focus on expanding the breadth of events (whether virtual or in person) attended in DAC neighborhoods.

EBCE will utilize the expertise of community leaders to identify impactful events and will offer workshops and webinars as appropriate. As community events and workshops are held, we will closely track the diversity in race, age and income of participants, to ensure that participation reflects census distribution demographics of the DAC communities. Additionally, we will maximize convenience of meetings and events to public transportation, and ensure events are ADA-accessible.

d. Partnerships with Community Based Organizations

Partnering with CBOs is a critical facet of EBCE's ME&O plan. CBOs have intimate knowledge of the local communities they serve and will serve as valuable resources for how best to conduct outreach that makes sense for members of their communities. As EBCE engages with CBO partners, we seek to establish open dialogue, build awareness and understanding among community members, identify community-specific issues, and develop methods for disseminating relevant information. For example, CBOs will help coordinate program-specific workshops and/or webinars to disseminate program information to their constituencies. EBCE will provide funding for CBOs to conduct outreach around the DAC-GT and CSGT programs.

Additionally, many of our local City departments already conduct outreach in the same communities in which we will conduct program outreach. EBCE will investigate and pursue opportunities to collaborate as appropriate.

Our CBO and municipal partners are eager to share information about EBCE's programs with their constituents. What they need is packaged information in multiple languages to share. EBCE will prepare and share those resources, and then the CBOs and cities can get it into the hands (and computers and phones) of their constituents. The CBOs and municipalities are typically known and trusted sources of information with their constituents, so having co-branded materials will complement EBCE's own outreach efforts.

e. Program Leveraging

California offers a portfolio of clean energy, energy efficiency, and energy storage programs, with several of them targeting income-qualified customers or customers in DACs. Complementing the state's programs, EBCE also is developing a wide range of in-house program offerings with many of them focusing on vulnerable customers. Under the DAC-GT/CSGT ME&O plan, EBCE will leverage its relationships and interactions with customers through existing programs to inform, educate, and encourage program participation. For example, EBCE will leverage the following programs for joint outreach efforts:

- EBCE's newly launched Resilient Home battery energy storage program
- EBCE's induction cooktop loaner program
- EBCE's Heat Pump Water Heater incentive program, offered through a partnership with StopWaste
- Bay Area Air Quality Management District's Clean Cars for All program

Additionally, EBCE will pursue program leveraging with relevant programs run by partners and other local CBOs and government entities.

f. Auto-Enrolled Customer Education

In Resolution E-5124, the Commission authorized eligible customers to be automatically enrolled into the DAC-GT program (but not CSGT). As a result, EBCE has not conducted traditional program outreach for DAC-GT. In order to educate auto-enrolled customers about participation in the DAC-GT program and increase awareness of the CARE and FERA programs, EBCE provides direct notifications and a Welcome Kit. Enrollment notifications were sent via email and direct mail to customers who were automatically enrolled in the program, prior to the customers' receipt of their first bill displaying the DAC-GT program discount. Welcome Kits were subsequently provided via direct mail to customers who were enrolled in the program. The welcome letters were also translated into Spanish and Chinese. The kits contain:

- Welcome Letter (found at the end of this ME&O plan)
- Frequently Asked Questions document
- Prospective Power Content Label
- Price, Terms and Conditions document
- Energy Bill Assistance brochure

COMMUNICATIONS AND MEDIA CONTENT ● Social Media + Nextdoor ● EBCE Website ● Flyers and Fact Sheets ● Print and Digital Advertisement ● Direct Mailings ● Email Blasts ● Welcome Kit Notifications	**GRASSROOTS OUTREACH** ● Community Events (may be virtual if COVID-19 shelter-in-place continues) ● Workshops and Webinars ● Collaboration with Community Leaders
CBO PARTNERSHIPS ● Joint Outreach ● Funding Support	**PROGRAM LEVERAGE** ● EBCE Resilient Home ● EBCE Heat Pump Water Heater Program ● EBCE Induction Cooktop Loaner Program ● Clean Cars for All ● CARE/FERA enrollment

Figure 1. EBCE ME&O Tactics and Strategies

To meet our ME&O goals, EBCE will develop an outreach and engagement strategy leveraging the key community outreach tactics summarized here.

5. METRICS TRACKING

Because EBCE is using multiple tactics for ME&O, a variety of metrics will be used to evaluate the effectiveness of each effort. Our primary measure of effectiveness is the number of customers reached, which can be measured by:

- Total number of enrollees in both the DAC-GT and CSGT programs;
- Total CARE and FERA enrollment achieved through DAC-GT/ CSGT outreach;
- Total number of customers reached;
- Diversity in race, age and income of event participants, with participation that reflects census distribution demographics of the DAC communities;
- Email click-through and open rates;
- Website visits and page views, social media engagement and impressions;
- Total number of events and distribution of events by neighborhood.

By regularly monitoring these measures, EBCE will be able to make changes in its approach or shift the mix of ME&O channels to improve the effectiveness of outreach, if necessary. Additionally, feedback from CBO partners, surveys, on-the-ground interactions, and message testing could alter the strategy pursued.

Congratulations! You are now saving an additional 20% on your PG&E bill thanks to EBCE's Solar Discount Program.

East Bay Community Energy (EBCE) is a local public agency created by Alameda County and 14 local cities. For residents living in these communities, EBCE is your official electricity provider. We work in partnership with PG&E: EBCE purchases electricity for you, and PG&E delivers it and bills you.

In September 2021, EBCE launched a community solar program called Solar Discount, and you have been automatically enrolled. **Participants in EBCE's Solar Discount Program will receive a 20% discount on monthly electric bills, on top of your existing CARE or FERA discounts.** This is part of a statewide program to increase solar power development in disadvantaged communities. More information about this initiative can be found at **cpuc.ca.gov/SolarInDACs**.

In November or December, you will see a new line item called EBCE Solar Discount on the EBCE Generation page of your PG&E bill (typically found on page 4). You do not need to take any action to receive this discount—**you were automatically enrolled in this program because you qualify for it.** If you prefer to be unenrolled from this program, you may do so by contacting East Bay Community Energy.

More information about EBCE's Solar Discount Program is available at **ebce.org/solar-discount**. If you have any questions about EBCE or this program, please contact our call center Monday–Friday at 1-833-699-EBCE (3223) from 9AM–5PM.

EBCE, your official electricity provider, is a local public agency created by Alameda County and 14 local cities. EBCE purchases electricity and partners with PG&E for billing and energy distribution. EBCE's Solar Discount program is Green-e® Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.

SOLAR DISCOUNT PROGRAM

Frequently Asked Questions

EBCE's Solar Discount Program offers qualifying customers living in a designated disadvantaged community access to 100% renewable energy supply and a 20% discount on their electricity bills for up to 20 years.

What are the benefits of participating in the East Bay Community Energy (EBCE) Solar Discount Program?

Participants receive a monthly 20% discount on the electricity portion of their PG&E bill. This is in addition to other discounts such as CARE and FERA.

Why was I enrolled?

EBCE is automatically enrolling about 1,600 eligible customers at this time. We enrolled your account because you are eligible for this 20% bill discount. Phase 2 will occur in 2022, at which time additional eligible customers can voluntarily enroll.

Who is eligible to participate in the program?

For this initial phase of the program, participating customers must:

- Be on the CARE or FERA discount rate. Details at **ebce.org/paying-bills**.
- Live in a designated disadvantaged community as defined by the state's CalEnviroScreen tool. Details at **ebce.org/solar-discount**.

What happens if I move?

Customers who move must re-apply to the program to recertify their eligibility. If the customer is found to still be eligible, EBCE will add the customer to the program if capacity allows or add them to the end of the program waitlist. EBCE will review the waitlist on a monthly basis and enroll additional customers as capacity allows.

What if I want to leave the program?

Customers may leave the program at any time. There is no cancellation fee.
To unenroll, contact EBCE at 1-833-699-EBCE (3223) on weekdays from 9AM–5PM.

How do I contact EBCE if I have additional questions?

The best way to reach EBCE is by calling our call center at 1-833-699-EBCE (3223) during business hours on weekdays from 9AM–5PM.

East Bay Community Energy's Solar Discount program is Green-e® Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.

SOLAR DISCOUNT PROGRAM

2021 Prospective Product Content Label[1]

The East Bay Community Energy (EBCE) Solar Discount Program offers qualifying customers living in a designated disadvantaged community access to 100% renewable energy supply and a 20% discount on their electricity bills for up to 20 years.

Green-e® Energy Certified New[2] Renewables in EBCE's Solar Discount 2021		Generation Location
Solar	100%	California
Total Green-e® Energy Certified New Renewables	**100%**	**California**

1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historical Product Content Label the actual resource mix of the electricity you purchased.
2. New Renewables come from generation facilities that first began commercial operation within the past 15 years.

For comparison, the current average mix of resources supplying California includes: Eligible Renewable (31.7%), Coal (3%), Nuclear (9%), Natural Gas (34.2%), Large Hydroelectric (14.6%), and Other (7.5%). This resource mix was prepared in accordance with the California Public Utilities Commission.

The average home in the EBCE/PG&E service area uses 359 kWh per month. Source: Pacific Gas and Electric Company

For specific information about this product, please contact East Bay Community Energy, 1-833-699-EBCE (3223), customer-support@ebce.org, www.ebce.org.

SOLAR DISCOUNT PROGRAM

Price, Terms And Conditions

Company:	East Bay Community Energy Authority
Whom should I contact for more information?	East Bay Community Energy customer-support@ebce.org www.ebce.org 1-833-699-EBCE (3223) 1999 Harrison Street, Suite 800 Oakland, CA 94612
What is the contract length?	EBCE offers the Solar Discount program on a month-to-month basis. There is no further length of agreement or contract required.
How will my EBCE Solar Discount bill be calculated?	Your EBCE Solar Discount bill will be calculated by applying a 20% discount to the electric bill segment charges on your otherwise applicable rate schedule. This discount will be applied after any applicable discount for the California Alternate Rates for Energy (CARE) or Family Electric Rate Assistance (FERA) programs, and before any applicable taxes. The discount will appear as a new line item called EBCE Solar Discount on the EBCE Generation page of the bill (typically found on page 4).
Will my rates change over time?	The EBCE Solar Discount rate is based on current California Public Utility Commission approved tariffs. Program rules and applicable discounts are subject to change and must be approved by the California Public Utilities Commission.
What are the enrollment options?	Solar Discount matches your electricity use with 100% solar energy. This is the only enrollment option.
What other fees might I be charged?	No other fees apply.
How will I be billed?	The 20% program discount will appear as a single line item called EBCE Solar Discount on the EBCE Generation page of the bill (typically found on page 4).
Can I cancel my participation?	You may cancel your participation in EBCE's Solar Discount program at any time and without a fee. The cancellation will become effective as of your last closed bill period. You will then be ineligible to participate in EBCE's Solar Discount Program for a period of 12 months from the date of the change (certain customers may be exempted).
If I want to terminate this agreement/ contract, what is the early termination fee?	There is no fee for termination, it is a month-to-month agreement.

East Bay Community Energy's Solar Discount program is Green-e® Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.

CUSTOMER ASSISTANCE

Energy Bill Assistance

Need help paying your energy bill? Learn about programs that provide financial assistance.

EAST BAY COMMUNITY ENERGY

PUBLIC VERSION

Paying your energy bill can be a financial challenge. EBCE wants to make it easier for customers to find and enroll in assistance programs that help with overdue bills and provide energy bill discounts.

Please visit ebce.org/paying-bills to learn more.

Energy bill discounts

The following programs provide an ongoing monthly discount or a one-time discount on your energy bill.

CARE

California Alternate Rates for Energy Program

Enroll: pge.com/care
Phone: 1-866-743-2273

Provides a **35% discount on your electricity bill and a 20% discount on your natural gas bill**. CARE is a state program that provides a discounted rate for electricity to qualifying income-qualified households. This program is administered to all customers by PG&E, including customers who choose to receive service from a community choice energy program (such as EBCE).

FERA

Family Electric Rate Assistance Program

Enroll: pge.com/fera
Phone: 1-866-743-2273

Provides an **18% discount on your electricity bill**. Must be a household with three or more people.

REACH

Relief for Energy Assistance for Community Help

Enroll: via county agencies including Alameda County Social Services at 510-271-9100

Provides emergency assistance in the form of a **one-time energy credit for up to $300** (based on the past-due bill balance).

LIHEAP

Low-Income Home Energy Assistance Program

Enroll: caliheapapply.com

LIHEAP is a federally-funded program helping income-qualified households pay their energy bills. The program offers a variety of services, including HEAP, which provides **one-time financial assistance**; LIWP, which provides **weatherization services**; and the Energy Crisis Intervention Program (ECIP), which assists income-qualified households that are in a crisis situation, such as receiving a disconnection notice. Eligible customers receive **assistance up to $1,000**.

Medical Baseline

Enroll: contact PG&E at 1-800-743-5000

Customers with special energy needs related to a medical condition receive an **additional allotment of electricity** each month at the lowest price available.

Help with overdue bills

The following programs provide assistance to help pay down an outstanding balance on your PG&E bill.

AMP

Arrearage Management Plan

Enroll: contact PG&E at 1-800-743-5000

With each on-time payment of your current charges, AMP will forgive 1/12 of the eligible debt you owed at the time of enrollment. **After 12 on-time payments of your monthly current charges, your eligible debt will be forgiven up to $8,000**. To be eligible, you must be a residential customer and meet the following four requirements:

1. Be enrolled in one of PG&E's financial assistance programs—CARE or FERA.
2. Owe $500 or more on your gas and electric bill.
3. Be more than 90 days past due.
4. Be a PG&E customer for at least six months and have made at least one on-time payment.

ERAP

Alameda County Housing Secure Emergency Rental Assistance Program

Enroll (Alameda County): ac-housingsecure.org
Enroll (Fremont): fremont.gov/keepfremonthoused
Enroll (Oakland): housing.ca.gov/covid_rr
Phone: 211

Alameda County offers **assistance to pay off rental debt and past-due utilities**. Eligible tenants must have incomes below 80% of Area Median Income and be able to demonstrate that they have lost work or income due to the COVID-19 pandemic.

APPENDIX D

DECLARATION OF JP ROSS IN SUPPORT OF CONFIDENTIAL TREATMENT OF DATA SUBMITTED AS PART OF EAST BAY COMMUNITY ENERGY'S ADVICE LETTER TO PRESENT THE BUDGET AND MARKETING, EDUCATION, AND OUTREACH PLAN FOR EAST BAY COMMUNITY ENERGY'S 2023 DISADVANTAGED COMMUNITIES GREEN TARIFF PROGRAM RATE AND THE COMMUNITY SOLAR GREEN TARIFF PROGRAM RATE

I, JP Ross, declare:

1. I am the Vice President of Local Development, Electrification and Innovation at East Bay Community Energy ("EBCE") and am authorized to sign this declaration on EBCE's behalf. This declaration is being filed in support of EBCE's Advice Letter No. 35-E ("Advice Letter").

2. Pursuant to General Order 96B, General Rule 10.3, EBCE requests confidential treatment for budget information and procurement data (the "Confidential Information") that is being provided to Energy Division in Appendix C.

3. The Confidential Information has, to the best of my knowledge, not been publicly disclosed.

4. Appendix C is confidential in its entirety; the Confidential Information it contains cannot be aggregated, redacted, summarized, masked or otherwise protected in a way that allows partial disclosure.

5. This Confidential Information should be treated as confidential because it includes the following types of information:

- Front three years of electric load forecast information protected by the ESP & CCA Matrix, Section III in Decision (D.) 06-06-066, as modified by D.07-05-032, D.08-04-023, D.20-07-005, and D.21-11-029.
- Market-sensitive information regarding the current market position and compliance obligations of EBCE, including, without limitation, procurement obligation quantities, procured quantities, entities with whom EBCE has negotiated and transacted, and price-related information that are all market sensitive information under section 454.5(g) of the California Public Utilities Code and other state laws.

- Customer-specific data, which may include demand, loads, names, addresses, and billing data protected under PUC § 8380; Civ. Code §§ 1798 et seq.; Govt. Code § 6254; Public Util. Code § 8380; D. 14-05-016, D.04-08-055, and D.06-12-029.
- Proprietary and trade secret information or other intellectual property and protected market sensitive/competitive data protected under Civ. Code §§3426 et seq.; Govt. Code §§ 6254, et seq., e.g., 6254(e), 6254(k), 6254.15; Govt. Code § 6276.44; Evid. Code §1060; D.11-01-036.

6. Accordingly, EBCE requests that the Confidential Information be treated as confidential for a period of two years from the date of this declaration.

7. The importance of maintaining the confidentiality of this information outweighs any public interest in disclosure of this information. In addition, interested parties can obtain this information from EBCE directly by signing a nondisclosure agreement.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed this 1tst day of February 2022, in Oakland, California.
