REGULAR AGENDA

7. CEO REPORT

- A. Executive Committee Meeting;
- B. Finance, Administration and Procurement Subcommittee Meeting;
- C. Marketing, Regulatory and Legislative Subcommittee Meeting;
- D. Marketing and Account Services Update

8. Community Advisory Committee Report

The Local Business Development Plan (LBDP) lays out a five year set of strategies for EBCE. These activities are noted across three Stages (EBCE is just moving into Stage 2). The CAC is beginning a Metrics Initiative that seeks to: 1) document where EBCE stands in terms of Stage 1 efforts, 2) document & track the values ascribed to the LBDP metrics noted in the LBDP, and 3) describe how the beneficial pillar principles of social equity and just transition are being addressed through the EBCE activities. We are working closely with staff on this initiative. Further information is available on the EBCE website. (See the Monday, 11/16, CAC meeting Item C6.)

9. **Reserve Fund Allocations from 2019-2020 Fiscal Year Net Revenues (Action Item)**
Adopt a Resolution to approve the proposed contributions to the reserve funds.
10. **2019 Power Source Disclosure Annual Report and Power Content Label (Action Item)**
Adopt a Resolution to accept the 2019 Power Source Disclosure Program Annual Report (PSDR) and the 2019 Power Content Label (PCL).
11. **East Bay Community Energy 2019 Emissions Factor (Informational Item)**
Receive a staff report on East Bay Community Energy's 2019 Bright Choice emissions factor.
12. **Power Procurement Project Update (Informational Item)**
Update on three renewable energy projects:
 - A. Clearway - Rosamond Central Solar Energy Project;
 - B. Alameda Summit Wind Farm (Alameda County); and
 - C. Mulqueeney Wind Project (Alameda County).

13. Brilliant 100 Options (Action Item)

Decide to change the Brilliant 100 consumer electricity product in one of following way:

- A. Close Brilliant 100 effective February 1, 2021. All current Brilliant 100 customers would be defaulted onto Bright Choice unless the city council/Board of Supervisors have affirmatively voted to default these customers onto another product, or
- B. Set Brilliant 100 cost above PG&E - with specific premium brought to Board of Directors in December 2020. All current Brilliant 100 customers would see these new costs effective February 1, 2021. Under this option Brilliant 100 would continue to be available to all EBCE customers, or
- C. Maintain Brilliant 100 cost at parity with PG&E for 2021, but close Brilliant 100 effective January 1, 2022.

The CAC was split in terms of Options A and C. Half of us understand that Option C gives time for customers and communities currently on Brilliant 100 to decide which rate they would like to move to, but were open to Option A. The other half saw the benefit of using any of the funds spent subsidizing Brilliant 100 (in 2021) for other EBCE priorities and so thought that Option A was the better choice.

14. Aramis RA Solar & Storage Contract Approval (Action Item)

Adopt a Resolution authorizing the CEO to execute a 10-year local Resource Adequacy purchase from a 100MW Alameda County Solar and Storage Project (“Aramis Project”) with Intersect as the developer.

The Aramis project is expected to begin to provide local Greater Bay Area Resource Adequacy to EBCE starting in April 2024 through December 2033 for a period of 10 years. The quantity will range from 14MW to 23MW and average approximately 20MW.

15. Board Member and Staff Announcements including requests to place items on future Board Agendas

16. Adjournment - to Date: Wednesday, December 16, 2020 Time: 5:00pm
