

## Consent Item 9

**TO:** East Bay Community Energy Board of Directors  
**FROM:** Chris Eshleman, Senior Manager, Power Resources  
**SUBJECT:** Dedicated Server Services with cQuant.IO, Inc.  
**DATE:** March 16<sup>th</sup>, 2022

---

### Recommendation

Adopt a Resolution authorizing the Chief Executive Officer to negotiate and execute a First Amendment to the EBCE Consulting Services Agreement with cQuant.IO, Inc. (“cQuant”), dated September 24, 2020, for dedicated server services to use with their portfolio, risk, and valuation management software for a 2 to 4 month subscription term with monthly payments not to exceed \$5,000. The amendment increases the not to exceed amount by \$20,000, for a total not to exceed amount of \$581,000.

### Background and Discussion

East Bay Community Energy (“EBCE”) staff have utilized cQuant’s software platform for portfolio, risk, and valuation management services effective September 24<sup>th</sup>, 2020. Staff will be evaluating projects submitted to EBCE’s 2022 Long-Term Resource Request for Offers (“RFOs”) using the cQuant software platform.

#### 1. Assessment, Review, and Selection Process

EBCE staff initiated an assessment with the assistance of the cQuant staff on how best to complete the valuation activities required as part of the EBCE 2022 Long-Term Resource RFO. It was determined that to complete the evaluation of all RFO submissions effectively and efficiently, EBCE needs to retain a cQuant add-on service for a dedicated server.

Staff conducted discussions with the cQuant staff and cited the following benefits:

- A dedicated server infrastructure solely used by EBCE, freeing computing resources usually shared amongst the entire cQuant user base, which limits large amounts of model runs from any individual company.
- Increase the simultaneous model run quantity from two (2) to six (6).
- Based on prior use of cQuant’s platform for EBCE’s 2020 Long-Term Resource RFOs, subscribing to this add-on service will speed up the time it takes to value RFO submissions.

## 2. Proposed Subscription Services

EBCE staff reviewed and finalized the quote from cQuant. Below is the additional scope of services to be added via amendment to the CSA dated September 24, 2020:

- EBCE dedicated server - A server to which computing resources are dedicated and only usable by EBCE staff during the 2022 Long-Term Resource RFOs.

### Fiscal Impact

The subscription term for the add-on services is 2 to 4 months, with a monthly fee not to exceed \$5,000. The Amendment would increase the total compensation amount of the Consulting Services Agreement by to \$20,000.
