

## PG&E – Ava Joint Rate Comparisons

As a part of our mutual commitment to support your energy choice, Ava and PG&E have partnered to create a comparison of our typical electric rates, average monthly charges and generation portfolio contents. Below you will find a representative comparison of our rates, average monthly bills and power generation portfolio content based on customer class. Detailed power generation portfolio content based on customer class can also be found at [pge.com/cca](http://pge.com/cca). To find your specific electric rate, please scroll down to your rate plan to view the rate and bill comparisons.

## Definitions

**Generation Rate** is the cost of creating electricity to power your home or business. The generation rate varies based on your energy provider and the resources included in your energy provider's generation supply.

**PG&E Delivery Rate** is a charge assessed by PG&E to deliver electricity to your home or business. The PG&E delivery rate depends on your electricity usage but is charged equally to both Ava and PG&E customers.

**PG&E PCIA/FF** represents the Power Charge Indifference Adjustment (PCIA) and the Franchise Fee surcharge (FF). The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above Market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. **Additional Messages**  
**Ava Community Energy (Ava)** is your public not-for-profit electricity provider, serving a growing list of communities in Alameda County and the Valley, including Albany, Berkeley, Dublin, Emeryville, Fremont, Hayward, Livermore, Newark, Oakland, Piedmont, Pleasanton, San Leandro, Tracy, Union City, unincorporated Alameda County, and in 2025, the cities of Stockton and Lathrop.

At Ava, we're committed to creating a brighter future in our communities and beyond. We do that by procuring clean electricity on your behalf and investing locally through programs and incentives that enhance well-being, lower costs, and increase resilience for everyone.

Explore available programs and find local, state, and federal incentives at [AvaEnergy.org/go-electric](http://AvaEnergy.org/go-electric).

On this bill, you'll see charges from both Ava and PG&E. That's because Ava procures electricity on your behalf (generation), and PG&E delivers that electricity through their physical infrastructure (delivery). You can learn more at [AvaEnergy.org](http://AvaEnergy.org), or call 833-699-3223.

Look here to identify your electric rate schedule. Once you have that, you can find your rate comparison below.
